

5 PYRIMIDINE DERIVATIVES FOR THE TREATMENT OF ABNORMAL CELL GROWTH

Abstract

The invention relates to compounds of the formula 1

10 and to pharmaceutically acceptable salts, prodrugs and solvates thereof, wherein R¹, R², R³, R⁴, R⁵, n, A and B are as defined herein. The invention also relates to methods of treating abnormal cell growth in mammals by administering the compounds of formula 1 and to pharmaceutical compositions for treating such disorders, which contain the compounds of formula 1. The invention also relates to methods of preparing the compounds of formula 1.
